

'Now you can Afford to be an Audiophile'

Audiophile Ears Wanted!

To review the latest Grant Fidelity Reference Series product:
RTIA-880 Integrated Tube Amplifier

Manufacturers Retail Price: To Be Determined

Reviewers will provide input.

Introductory Price: 20% off until May 26th, 2008

This stunning looking KT-88 tube amplifier has been on demonstration at General Audio in Calgary since Jan 26th, 2008. It is the latest addition to Grant Fidelity Reference Series products to allow customers access to high fidelity at a reasonable price.

If you fit the following profile, we want your ears:

- Audiophile or Hi-fi nut with listening experience with \$20k+ audio systems
- Reside in Calgary or within reasonable driving distance
- Love to try out new gear and offer truthful feedback in writing

10 Reviewers are wanted – call Ian Grant to register:

Phone: (403)251-0466 sales@grantfidelity.com

Or talk to Rod, Paul or Brian at General Audio

What would like you to do:

- Audition the unit at General Audio at your convenient time during General Audio's business hours in the next 21 days
- Review the unit and make comments as per review template provided in 5 business days after the audition

How we will thank you:

- Grant Fidelity will host a reverse draw on 3 prizes on March 8th, 2008 at General Audio at 2pm.
- All reviewers will receive a ticket to participate the prize draw
 - First Prize: (1) Grant Fidelity P-307 phono/CD pre-amp, retail value \$559.
 - Second Prize: (1) Grant Fidelity B-283 tube processor, retail value \$219.
 - Third Prize: (1) Grant Fidelity P-1.5 power cable retail value \$149.
 - Appreciation from Grant Fidelity for all remaining reviewers: (1) Grant Fidelity RCA-1 cable (retail value \$89)

With your participation, we save on marketing dollars and continue to make Grant Fidelity affordable for all! 90+ lbs. It's a bit on the heavy side to move around.

'One of the most beautiful sounding tube amps I have ever seen, heard or sold in over 30 years and I have sold most of the big ones, including McIntosh, Cary, Conrad Johnson and Audio Research.'

Rod Moysey – General Audio, Calgary
