

“Now You can Afford to be an Audiophile”

**A-348 EL34 (KT88)
Integrated Amplifier**

MRP: C\$ 1,329.00

An excellent new High-end EL34B amp design, you get the same great 12AX7 tube pre-amp section to drive the classic EL34B 50w/ch Push Pull design. As an excellent added bonus you can roll in 4 KT88's power tubes if you want a more refined sound or too better match your speakers. The manual biasing for 2 completely different sets of tubes means you can always adjust this amp to your needs, plus there is always a great selection of EL34 and 12AX7 tubes for further sound refinement.

Out of the box you will have what this amp is designed for, excellent EL34B musical amplification, suitable for all types of musical, but excels and modern and classical rock, blues, jazz, hip hop etc.

This amplifier has been carefully designed and hand built using the finest Japanese audiophile grade output transformers, audiophile grade German signal capacitors and resistors, precision ALPS stepped volume control (with remote controller) and a dual power transformer. Silver tube cage included. This amp will drive any speaker load.

Specifications:

Output Power: 50W RMS/channel minimum

Output Impedance: 4 ohm and 8 ohm

Frequency Response: 6Hz - 70 KHz (-2dB)

Distortion: less than 1.6% @ 40 W

Input Impedance: 20Kohm

Input Sensitivity: 250mV

S/N Ratio: >88dBa

Vacuum Tubes: EL34B×4, 6N8Px2, 12AX7x2

- Gorgeous 50 watt per channel tube stereo integrated amplifier with powerful EL34 output tubes (optional KT88). Manual Bias.
- Four Pairs of Aux Gold Plated RCA pre-amp inputs. Heavy duty speaker terminals for large speaker cables, 4 and 8 ohm.
- Beautiful Solid Steel and Aluminum Chassis with brushed black base and covers.
- 17 x 13 x 9", 53 lbs
