

“Now You can Afford to be an Audiophile”

A-534 300B/EL34 Integrated Amplifier

MRP: C\$ 1,979.00

The A-534 is a new design of EL34Bs now added to drive the beautiful sounding 300B tubes to their full potential. This design allows for its 10 watts to drive even lower efficiency speakers than 300B amp. As you likely know the EL-34 has a reputation for being the best musical tube in audiophile land. This amp plays it all, from the soft and sweet with enough balls to annoy your neighbors with Van Halen.
